5. That delegated authority be granted to the Local Government and Regulatory Law Manager in consultation with the Cabinet Member for Health and Wellbeing, to determine the implementation of the Public Spaces Protection Orders, as well as the amendments to the 2011 Designated Public Places Order, and discharge of the 2004 Designated Public Places Order.

8. That a review be carried out by November 2018, to assess the levels and impacts of alcohol consumption in public spaces within the area of the converted 2011 Designated Public Places Order, to

provide evidence that the new Public Spaces Protection Order should be continued or discontinued.

9. That a progress report considering the impact and effectiveness of the Public Spaces Protection Orders, be produced and reported to the Cabinet on an annual basis.

REASONS FOR RECOMMENDATIONS

1. Public Space Protection Orders are intended to deal with a particular nuisance or problem within a specific geographical area that is detrimental to the quality of life of local communities, by imposing conditions which are applicable to all persons on the use of that area. They are designed to ensure that the law-abiding majority can use and enjoy public spaces, safe from anti-social behaviour.
2. The proposals included in the Public Space Protection Orders are based on evidence, consultation responses and analysis, and are proportionate and necessary to address the issues of anti-social behaviour within the specified, designated locations.

Yours sincerely,
