**Subject:** Full Variation Application for Koo Deli, 475A Chatsworth Road

Hi Steve

I write on behalf of Pollution Control, a Responsible Authority, in respect to the Variation Application dated 26 Oct 2017.

I wish to make a representation against this application on the grounds of Prevention of Public Nuisance.

The application, if granted, would allow regulated entertainment outside the premise to both the front and the rear of the premises.

Since the front of Koo is directly out onto the street, loudspeakers will not be allowed to cover that area. Legislation contained in the Control of Pollution Act 1974 specifically prohibits loudspeakers on the street for commercial purposes.

Further, allowing regulated entertainment to the rear courtyard will introduce more noise to local residents and it is likely that any such activity would give rise to complaints of nuisance.

Consequently I would not want the proposed use of any outside area to allow any regulated forms of entertainment, thus my objection to this application.

Thanks

Andy
