Subject: RE: Renewal Application, Private Shop, 528 Sheffield Road, Chesterfield

Hi Steve,

We will probably send one of our Area Supervisors to the hearing.

Could we have the following text submitted:-

Our Customers have often commented that they think that our shop looks closed from the outside, and that there was little visual incentive to resort to the premises.

It is our belief that there would be no detriment to other premises, just a levelling of opportunity to trade and maximising the appearance of the premises without being offensive.

Please email me when the committee hearing date has been decided.

Thank you for your help in this matter.

Kind Regards

Jan Singleton
