How is it felt necessary to put the price up yet again its tough as it is without keep hammering the drivers all the time

Good morning Emma,

Thank you for your email.

I have noticed an increase year on year so can you please tell me what is causing this to happen?

Furthermore can you confirm how much the cost of an mot is? I would like to know how much of it goes towards our plates and how much is paid for the Actual MOT.

Thanks

What is the reason that the prices have been put up in price, is it cos you can?

If all the prices are increasing then as Hackney drivers the meter fare we charge customers should go up as well.

Hi thanks for the email and regards prices going up I for 1 do object as it wasn't that long since they went up. we pay 4 times more for mot test now than anyone who has an mot at a high street garage and it's pretty much the same mot test. Our prices don't go up in line with your fees and the increases are making it harder to make a living. Therefore I object to an increase. Thanks
