STEP 1 – MAKE SURE YOU HAVE CLEAR AIMS AND OBJECTIVES

What is the aim of the policy, project, service, function or strategy?

The Housing Capital Programme finances the major repair and improvements to the Council housing stock. Capital Improvement works include; kitchen and bathroom replacements, central heating upgrades, roof/chimney replacements, rewiring, window/door replacements, disabled adaptations, health and safety related works.

The 2016/17 Capital Programme has remained comparable to that of 2015/16 at £21.9 million

Who is the policy, project, service, function or strategy going to benefit and how?

The Capital Programme is for the benefit of all Council tenants and in certain instances leaseholders of ex council flats.

What outcomes do you want to achieve?

For all tenants to have the opportunity of a Decent Home, which is accessible and suitable for their needs.

What barriers exist for both the Council and the groups/people with protected characteristics to enable these outcomes to be achieved?

Some tenants have specific cultural requirements e.g. Male workers where only a female Muslim is present, carrying out improvements during specific religious festivals (Ramadan), however work can be planned to meet the requirements of the tenant.

STEP 2 – COLLECTING YOUR INFORMATION

What existing data sources do you have to assess the impact of the policy, project, service, function or strategy?

The ongoing Tenant Participation programme and in particular the consultation activities which take place with tenants before capital improvement works begin help us to develop programmes of work tailored to the individual needs of tenants with protected characteristics. We also have data available from previous capital improvement works which can give us an indication of future needs.

STEP 3 – FURTHER ENGAGEMENT ACTIVITIES

Please list any additional engagement activities undertaken to complete this EIA e.g. met with the Equalities Advisory Group, local BME groups, Employee representatives etc. Could you also please summarise the main findings.

Date	Engagement Activity	Main findings
Ongoing	Tenant Participation Programme	Range of individual requirements identified with tenants.

STEP 4 – WHAT'S THE IMPACT?

Is there an impact (positive or negative) on some groups/people with protected characteristics in the community? (think about race, disability, age,

gender, religion or belief, sexual orientation and other socially excluded communities or groups). You may also need to think about sub groups within each equalities group or protected characteristics e.g. older women, younger men, disabled women etc.

Please describe the potential impacts both positive and negative and any action we are able to take to reduce negative impacts or enhance the positive impacts.

Group or Protected Characteristic	Positive impacts	Negative impacts	Action

Other groups e.g. those experiencing deprivation and/or health inequalities.	Tenants may be experiencing deprivation and health inequalities. The Capital investment programme helps to tackle these issues by improving housing conditions.		

From the information gathered above does the policy, project, service, function or strategy directly or indirectly discriminate against any particular group or protected characteristic?

- Yes
 No

If yes what action can be taken to stop the discrimination?

STEP 5 – RECOMMENDATIONS AND DECISION MAKING

How has the EIA helped to shape the policy, project, service, function or strategy or affected the recommendation or decision?

The EIA highlighted the importance for strong Tenant participation at an early stage in improvement planning and additional permanent employee resources for this purpose are part of the report.

How are you going to monitor the policy, project, service, function or strategy, how often and who will be responsible?

The Housing Capital Improvement Programme is monitored annually.
