

Dear Sirs

With regard to the application for a premises

licence for Brampton Rovers Holdings LTD at Newbold Back Lane
Cheshire, I would like to lodge a objection on the grounds
of Public Disorder, Crime Rates will rise due to alcohol being
served, also noise late at night, we live approx 285 meters
away so the noise will be heard at my property from
the building, they have altered their licensing times on
this application but I still feel that once they get
a licence there will be scope to get licence extensions.
as an ex landlord I know these extensions will be

given, I still feel that this has all been done underhanded
they have put a notice up for the application for
the licence but it was placed behind the application
for the housing development which is being built on
the former Newbold Green site, I fear for are elderly
who live nearby due to people being under the
influence of alcohol, the residents are vulnerable
and dont need the noise or the nuisance of people
being drunk and arguing, this has already happened
on occasions without them having a licence so
this will only escalate once they get a licence
I feel there is enough public houses in the Newbold
area and surrounding areas without having another
licensed premises, the crime rate in Newbold is
already high due to drugs and alcohol and our police
struggle with this so another premises will cause
more problems, the club house was built for changing
rooms and light refreshments for the football teams
and many residents strongly object to the premises
being licensed

Yours Sincerely

DIVERSITY
