1. Foreward

Welcome to Chesterfield Borough Council’s Equality and Diversity Strategy 2017 - 2019. This Strategy and Action Plan sets out our objectives that we will be working on over the next two years to promote equality and diversity both within Chesterfield Borough Council and our communities.

Chesterfield Borough Council recognises and welcomes the diversity of our Borough. Our Strategy and Plan sets out how we will continue to celebrate this diversity.

We also recognise that a large proportion of our community are not able to access the proceeds of growth and recent investment into the town. Through embedding our Strategy and Plan into Service areas we will continue to work towards our aspiration for Chesterfield Borough to be an accessible community and an inclusive Borough, where everyone feels valued and has equal and fair access to local services.

Despite the financial challenges, we will continue to do everything to demonstrate our commitment to equality and diversity, ensuring that they are an integral part of our decision making processes.

2. Our Commitment to Equality and Diversity (statement of intent)

Our vision at Chesterfield Borough Council is ‘putting our communities first’. As a Council, we are here to serve and support our communities. It is these communities that make Chesterfield Borough a great place to live, work and visit. And it is these communities that we seek to put first as a Council in all that we do.

The Council as a community leader, a service provider, employer and commissioner of goods and services, has a clear social and legislative responsibility to prevent discrimination and advance equality.
By working to eliminate discrimination and promote equality we will empower our residents and help them to realise their full potential.

**Our duties under the Equality Act 2010**

As a Local Authority, we are subject to the Public Sector Equality Duty which was introduced in the Equality Act 2010. This duty requires all public bodies to have due regard to the need to:

- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act.
- Advance equality of opportunity between people who share a protected characteristic and those who do not.
- Foster good relations between people who share a protected characteristic and those who do not.

In order to support public bodies to meet the Public Sector Equality Duty there are Specific Duties which public bodies must meet:

- Set and publish equality objectives, at least every four years, and
- Publish information, at least annually, to show their compliance with the Equality Duty. This must include information relating both to its employees and to people who are affected by the public body's policies and procedures.

The other important pieces of legislation that we need to adhere to and impact on the work of both the inclusion and prevention agenda are:

- 1998: Human Rights Act
- 1996: Employment Rights Act

The Equality and Diversity Strategy sets out the Council’s commitment and approach to eliminating unlawful discrimination, harassment and victimisation, advancing equality of opportunity, and fostering good relations in the Borough over the next two years. It includes:

- the roles and responsibilities for delivering the Council's Equality and Diversity Strategy
- the local context and achievements made so far by the Council and partners
- our Equality and Diversity Principles, which will guide our approach to equality and diversity
- our specific objectives and anticipated outcomes in relation to Equality and Diversity
- the way that we will monitor our progress in delivering the strategy and how we will make a real and positive difference to the lives of those affected by Chesterfield Borough Council’s services

When developing this Strategy, we have been guided by the Council’s four key values:

1. Customer focused – delivering great customer service, meeting customer needs.
2. Can do – striving to make a difference by adopting a positive attitude.
3. One council, one team – proud of what we do, working together for the greater good.
4. Honesty and respect – embracing diversity and treating everyone fairly.
The Equality and Diversity Strategy complements and supports the delivery of the priorities within the Chesterfield Borough Council Plan, which are:

- To make Chesterfield a thriving Borough
- To improve the quality of life for local people
- To provide value for money services

3. Roles and Responsibilities

Our Constitution governs how decisions are made, how we operate and the procedures that are followed to ensure that these are efficient, transparent and accountable. Decisions are taken by councillors through the Council and its committee meetings, most of which are open to the public.

The day-to-day delivery of local services is carried out by various staff through the Council’s management structure. The Chief Executive and Senior Leadership Team has overall responsibility for managing the Council, and work together with the Corporate Management Team to oversee progress against the Council’s stated priorities, and the outcomes delivered as a result of the Council’s plans and services they provide to residents. Equality Impact Assessments (EIAs) are used by decision makers including Council, Cabinet, Committees and Officers to determine the impact of the Council’s initiatives, and to put appropriate mitigating action in place to minimise negative impact on groups protected by the Equality Act and the wider community.

Achieving and promoting equality and diversity is a responsibility shared by all elected members, the Senior Leadership Team, Corporate Management Team, managers, staff, contractors, partners, stakeholders and residents.

**Equality and Diversity Forum**

The Equality and Diversity Forum is a group of representatives from statutory partners, community groups and local individuals with an interest and/or expertise in equality and diversity. The Forum members work together to share ideas, best practice and to raise awareness in the community of equality and diversity. The Forum acts as a critical friend for the Council’s services and plays a key role in the scrutiny and development of Equality Impact Assessments which inform the Council’s decision making process. Support is provided by the Council to facilitate the Forum’s activities, which include organising a number of themed awareness raising and training events throughout each year. The Forum adopts a partnership approach, pooling resources with partners to maximise the positive impact of its work in the community.

**Elected Members**

Elected members must fulfil their statutory responsibilities under the Equality Act to promote good community relations in all their work, particularly in their community leadership role. They must also make informed decisions, which consider the impact on people with protected characteristics and key community groups.
**Senior Leadership Team**
The Senior Leadership Team (SLT) must champion and lead by example, using the Public Sector Equality Duty to encourage the integration of equality and diversity issues in all aspects of the Council’s work. SLT should actively help to promote equality and diversity issues and actions within services, and ensure that good quality Equality Impact Assessments are completed and used (where appropriate).

**Corporate Management Team and Managers**
The Corporate Management Team must maintain an overview of equality and diversity for their service and ensure effective development, implementation and monitoring of service equality and diversity objectives and related actions, including ensuring completion and appropriate challenge of Equality Impact Assessments.

**Employees**
Employees should demonstrate commitment to equalities by:
- Championing equality and diversity in the Borough when undertaking their work
- Taking active steps to challenge discrimination and harassment in the workplace and the community including hate crime reporting
- Making informed decisions and proposals, which consider the impact on people with protected characteristics and key community groups
- Understanding, complying and feeding into the equality and diversity processes in their services.

Employees receive a comprehensive training package detailing their roles and responsibilities and raising awareness of equality and diversity related matters.

**Contractors**
Contractors who deliver services on behalf of Chesterfield Borough Council must comply with the Equality Act 2010, including incorporating the Council’s Public Sector Equality Duty commitments in all dealings and practices on behalf of the Council in all areas assessed as relevant to the duty.

**Partners**
Partners must be aligned to the Council’s Equality and Diversity Policy and the objectives set out in this strategy.

**Stakeholders**
The Council should engage with stakeholders to ensure they can contribute to the process of setting, monitoring and reviewing equality and diversity objectives and action plans.
4. Local Context and Achievements

Chesterfield is the second largest settlement in Derbyshire (Derby City is the largest). It is a relatively compact and mainly urban area. The market town of Chesterfield acts as the sub-regional centre for north eastern Derbyshire and provides a range of retail, commercial, leisure and cultural facilities.

Chesterfield is a major centre of employment (over 48,000 people work in the Borough) attracting almost 20,000 in-bound commuters on a daily basis. Its employment catchment area covers a large part of the surrounding districts of Bolsover and North East Derbyshire, as well as drawing in people from Derbyshire Dales and Sheffield.

Key equalities related information from the Census and other information sources such as the area Health Profile and Index of Multiple Deprivation include:

- **Demographic information** - On Census day 2011 Chesterfield Borough had a population of 103,800 - 5000 more than on Census day 2001. The Borough has a higher proportion of residents from minority ethnic backgrounds than in Derbyshire, with the main populations in St. Leonards, St. Helen’s, Holmebrook and Brockwell. In 2001, 98.1% of the Chesterfield Borough population were White British compared to 94.9% in 2011.

- **The Borough has a higher percentage of households with no access to a car or van than Derbyshire, East Midlands and England at 27.1%. The highest percentages (over 40%) are in Rother and St. Helens compared to just 11.2% in Walton.**

- **The majority of Chesterfield Borough residents live within a 20 minute walk of essential services, including GPs, Pharmacies, Schools, Post Offices etc. (a significant percentage within 10 minutes).**

- **Housing** - The Borough has a far lower percentage of owner occupiers than in Derbyshire. The highest percentages are in Walton and West; the lowest percentages are in Rother, Middlecroft and Poolsbrook. The Borough has a considerably higher percentage of social housing than in Derbyshire, East Midlands and England. The private rented sector appears to be growing rapidly with particular concentrations in Holmebrook, St. Leonards and St. Helens.

- **Working and Learning Communities** - 21% of residents in Chesterfield Borough have higher level qualifications; this is lower than in Derbyshire, East Midlands and England. The highest percentage of residents with higher level qualifications is in the west of the Borough – Walton and West (39.8%), the lowest over in the East (Middlecroft and Poolsbrook – 11.6%). There is a higher percentage of residents in Chesterfield Borough who are economically inactive due to long-term sickness or disability.

- **Chesterfield is the 85th most deprived area in England out of 326 English local authorities.**
  - There are significant concerns about entrenched and worsening deprivation in several Chesterfield neighbourhoods for example Grangewood is now in the 1% most deprived neighbourhoods in England. In order to make detailed observations about communities, areas are divided into Lower Super Output Areas (LSOAs). All six of the Chesterfield LSOAs in the 10% most deprived in 2015 have deteriorated since 2010.
  - Deprivation inequality has risen in Chesterfield Borough with the areas within the 10% least deprived in England improving their position across a range of domains and the 10% most deprived deteriorating.
While employment deprivation has improved generally in Chesterfield Borough, a third of neighbourhoods within the Borough remain the 20% most deprived in England.

- Health - The health of people in Chesterfield is varied compared with the England average. Deprivation is higher than average and about 3,700 children (21%) live in poverty. Life expectancy is 10.1 years lower for men and 7.8 years lower for women in the most deprived areas of Chesterfield than in the least deprived areas. In Year 6, 18.2% of children are classified as obese, and 26.5% of adults are classified as obese. The rate of self-harm hospital stays, smoking related deaths, drug misuse and early deaths from cardiovascular disease are worse than average. Health and disability is a major concern for Chesterfield Borough. The Borough is ranked the 25th most deprived in England in terms of health, and half of the LSOAs are within the 20% most deprived within England.

Despite extensive investment to strengthen Chesterfield’s economy, these figures suggest that a significant percentage of our community are not currently accessing the proceeds of growth due to a variety of factors including poor health, caring responsibilities, poor educational and skills attainment etc.

You can find out more about Chesterfield’s communities in our State of the Borough Report which can be accessed here: https://www.chesterfield.gov.uk/living-here/neighbourhoods/state-of-the-borough.aspx

7. Monitoring

The Equality and Diversity objectives are aligned to the priorities in the Council Plan 2015/19. The Council will identify the actions it will take to achieve these objectives through the ongoing corporate performance management framework.

Progress will be monitored by the Equality and Diversity Forum, and presented in regular performance reports. The achievements will also be reported every year through the Equality and Diversity Annual Report to show the work being done by the Council in accordance with the Equalities Act 2010 and the objectives within the strategy to promote diversity and recognise and celebrate difference.
