

DRAFT SCR and D2N2 Local Enterprise Partnership's Collaboration Framework

Section 1 Principles and Objectives

Principles underpinning the collaboration framework

1. Collaborate on shared endeavours
2. LEP Board / MCA/Accountable Body has primacy over local decision making
3. Appropriate and transparent oversight to monitor the agreed objectives is established with the areas affected
4. The Mayor / MCA and conversely the Districts and Counties may collaborate on matters of policy which are not in scope of the LEP and therefore outside this agreement

Proposed Objectives

1. Smooth transition for Districts currently part of an overlap to solely operating within a D2N2 / SCR framework ensuring no detriment to businesses or residents effected during the transitional period
2. No detriment to any of the current LEP areas following the transition
3. Continue to develop shared approaches where there is a clear rationale to do so and where the impact of doing the activity will exceed the economic benefits of separate endeavours

Section 2 - Transitional Phase 2019-2021

1. Strategic Collaboration

Transport

Where there are potential benefits or disbenefits of schemes / proposals that are material across both LEP areas.

Maximising the Impact of HS2

Maximising the economic impact of the investment could include strategies relating to skills, supply chain or land and housing

2. Operational Transition

LGF schemes

See annex for schemes in transition or with on-going reporting obligations. Each LEP will continue to support schemes in contract until the conclusion of the LGF programme and its monitoring of outcomes. For the districts moving to D2N2 information will be shared with D2N2 on progression of the overlap schemes.

Growth Hub

SCR propose to conclude as many as possible detailed support for companies in the overlap during 19/20. Where this is not possible, and SCR Growth Hub is part way through a business assist activity this will be supported until concluded and thereafter as outcomes are reported. A full list of these transitional businesses will be compiled and shared (annex of businesses to be developed closer to year end).

In 20/21 all new business enquiries for Growth Hub support in the former overlapping geography will be signposted to the relevant Growth Hub.

ESIF

Both LEPs already work closely together at an operational level in terms of the delivery of ESIF across the overlap. Where funding is yet to be commissioned which will include delivery in the overlap areas, both LEPs will commit towards working together to inform future calls and jointly promote across the overlap area.

SCR Skills Bank

New deals will be entered into during 2019/20, post transition companies in the former overlapping geography will be signposted to D2N2 skills and training provision, however deals in progress will be delivered to conclusion.

3. Resourcing

Markham Vale Enterprise Zone: Clarification on the legal and policy position in terms of the payment of future rates is being obtained from Government in the event that Chesterfield Borough Council remains solely within D2N2 LEP. Based on the outcome of the advice future arrangements for Enterprise Zone business rates will be agreed as part of the transition agreement. ***(At the time of writing no position has been agreed by Chesterfield Borough Council on its future LEP membership arrangements)***

Growth Hub resource for the overlap area - during transition SCR will withdraw from funding business support in the former overlapping areas moving solely to D2N2, including any shared posts and D2N2 will assume full arrangements for the Districts within its remit.

Modelling and appraisal tools - The new SCR transport model (SCRTM1) and the new land use model (FLUTE 18) have both been designed to include all current SCR MCA local authority areas (with respect to the detailed modelled area). The effects of transport investment therefore can be modelled in the overlap at a granular level. All the LA districts and partners within the overlap districts will be able to use this model, irrespective of the redrawn boundaries. Should any issues thrown up by SCR transport modelling, which affect the non-constituent members, will be communicated in a timely and agreed manner.

4. Communication and Information Sharing

Areas to include:

Evidence base supporting the SCR Economic Plan and Local Industrial Strategies
to understand any emerging synergies from the evidence base

Other investment plans and priorities as appropriate to the scope of this collaboration framework eg cross boundary major investment / supply chains.

ESIF, both LEPs will look to share information wherever possible on contracts and providers delivering within the overlap area to ensure strategic alignment and co-ordination across both ESIF programmes.

Section 3 - Post -Transitional Phase 2021 onwards

1. Strategic Collaboration

TBC but likely to be:

- Transport,
- HS2 Growth Plan, including the implications for housing etc)
- Spatial planning
- Flood alleviation
- Energy Strategy?

2. Joint Ventures

TBC

3. Communication and information sharing

Legacy programme information – outcomes / outputs

Section 4 - Collaboration Approach

This section still needs developing – but will explore whether this is through joint Chair meetings, joint CEX meetings or through written communications and reporting
