3.1 The CIPFA Counter Fraud Centre was launched in July 2014 following the closure of the National Fraud Authority and the Audit Commission. The annual CFaCT survey aims to provide a national picture of fraud, bribery and corruption in local government.

3.2 The key findings of the 2019 CIPFA Fraud and Corruption Tracker were:-

- An estimated £253 million of fraud has been detected or prevented across local authorities in 2018/19. This has dropped from £302 million in 2017/18.
- Council Tax Fraud represents 12.1% of the estimated value of fraud detected / prevented (78% in terms of volume) with an estimated value of £30.6m.
- The area that has grown the most in the last year is council tax single person discount with an estimated increase of £3.6m since 2017/18.
- The average value per fraud is around £3,600 per fraud case.
- Procurement, adult social care and council tax single person discount are perceived as the three greatest fraud risk areas.
- The four main areas of fraud (by volume) are – council tax, disabled parking, housing and business rates.
- The estimated value and volume of insurance fraud cases in the UK more than doubled in 2018/19 compared to the previous year.

3.3 This evidences that fraud is still a major financial threat to local authorities.
