

Self-assessment of Good Practice

This appendix provides a high-level review that incorporates the key principles set out in CIPFA's Position Statement and publication. Where an audit committee has a high degree of performance against the good practice principles then it is an indicator that the committee is soundly based and has in place a knowledgeable membership. These are the essential factors in developing an effective audit committee.

A regular self-assessment can be used to support the planning of the audit committee work programme and training plans. It can also inform an annual report.
