3.0 Report details

Background

- 3.1 Following the vacancy which arose on the Council as a result of the resignation of Councillor Mick Bagshaw in July, 2022, Councillor Deborah Wheeldon (Labour Party candidate) was duly elected as Councillor for the Hollingwood & Inkersall Ward at the By-election held on 7 July, 2022.
- 3.2 The current composition of the Council is therefore:
- | | |
|------------------------------|----|
| Labour: | 29 |
| Liberal Democrats: | 17 |
| Community Independents Group | 2 |
- 3.3 Wherever possible, Committees are constituted in accordance with the provisions of the Local Government and Housing Act 1989. Following Councillor Wheeldon's election, it has been necessary to review the political balance of Committees.
- 3.4 Section 15 of the Local Government and Housing Act 1989 requires Council to formally approve the revised political balance and revised allocation of Committee places to the political groups in accordance with that political balance.
- 3.5 A local authority is treated as divided into political groups where at least one political group, which comprises at least two Members, is in existence.
- 3.6 The Council is obliged to review the representation of political groups and the determination of the allocation of seats in a number of prescribed instances and at least on an annual basis.
- 3.7 A determination of the allocation of seats by the Council must give effect to the following principles which are set out in Section 15 of the Local Government and Housing Act 1989. The principles have to be applied in priority order as follows:-
- (a) that not all the seats are allocated to the same political group;
 - (b) that the majority of seats are allocated to a particular political group if the number of persons belonging to that group are a majority of the authority's membership;

(c) subject to (a) and (b) above, that the total number of all seats of the ordinary committees allocated to each particular political group reflects the group's proportion to the membership of the authority;

(d) subject to (a) – (c) above, that the number of seats allocated to a particular political group reflects that group's proportion of the membership of the authority.

3.8 Under the Local Government Act 2000, the Standards and Audit Committee is not subject to political balance requirements but by local choice the constitution says it will be politically balanced.

3.9 The effect of these principles is that, so far as practicable, seats should be allocated to the groups and individual members not in a political group in proportion to their membership as a whole, currently,

Labour	29/48ths;
Liberal Democrats	17/48ths,
Community Independents	2/48th

Each of the calculations has been adjusted to ensure the total number of seats are apportioned.
