### 1.0 **PURPOSE OF REPORT**

1.1 To determine the programme of Street Collections for 2023.

### 2.0 **BACKGROUND**

2.1 The number of people wishing to hold street collections in previous years was reduced considerably due to the Covid-19 pandemic, as people were still being cautious about the health situation. As people are now feeling more confident about the situation, the number of street collections are increasing back to the normal number expected.

2.2 Licensing have received applications to be carried out during 2023 from:

Cancer Research UK Barnsley have applied for eleven collections.  
RSPCA have applied for thirteen collections.

2.3 There may be more applications received during the year as the applicants can apply throughout the year.

2.4 Appendix A shows the current list of applications.

2.5 Details of collections held by the applicants in previous years are shown at Appendix B.

- 2.6 A Brief summary of the nature of each charity is attached at Appendix C.
- 2.7 This report only refers to street collections for cash as direct debit collections are regulated under agreement with the Institute of Fundraising.
- 3.0 **RECOMMENDATION**
- 3.1 That the programme of Street Collections for 2023 be determined.
