### **1.** What is the aim of the policy, project, service, function or strategy?

A brief description of the aims of the policy – use a bullet point list if appropriate

The Housing Capital Programme finances the major repair and improvements to the Council housing stock. Capital Improvement works include kitchen and bathroom replacements, central heating upgrades, roof/chimney replacements, rewiring, window/door replacements, disabled adaptations, health and safety related works.

#### 2. Who is intended to benefit from the policy and how?

Eg. specific sections of the community, employees

The Capital Programme is for the benefit of all Council tenants and in certain instances leaseholders of ex council flats.

## **3.** What outcomes do you want to achieve?

A brief summary of the anticipated outcomes as explained in the accompanying Cabinet/Council report.— use a bullet point list if appropriate
For all tenants to have the opportunity of a Decent Home, which is accessible and suitable for their needs.

**4.** What barriers exist for both the Council and the groups/people with protected characteristics to enable these outcomes to be achieved?

Eg. conflicting interests, budget limitations etc.

Some tenants have specific cultural requirements e.g. Male workers where only a female Muslim is present, carrying out improvements during specific religious festivals (Ramadam), however work can be planned to meet the requirements of the tenant.

### 5. Any other relevant background information

Eg. related and/or pre-existing projects and EIAs, cumulative impact, scope etc.

The ongoing Tenant Participation programme and in particular the consultation activities which take place with tenants before capital improvement works begin, help us to develop programmes of work tailored to the individual needs of tenants with protected characteristics.
