- A desk top review of documents and information
- Observation of the Strategic Risk Management Group (SRMG)
- Review of the effectiveness of the SRMG
- Report on areas for improvement.

The action plan of improvements included:

- Providing Risk Refresh Training for senior managers and Executive Members.

5.0 RISK MANAGEMENT POLICY AND STRATEGY

5.1 The Policy and Strategy documents are designed to clarify the strategic and operational elements and to further embed Risk Management within the organisation. The documents for 2015/16 are included in **Appendix A**. As described in paragraph 4.1, they have been revised following the review undertaken during this financial year.

6.0 STRATEGIC RISK REGISTER (SRR)

6.1 The management of corporate risks is an essential component of good governance and helps to ensure the delivery of services. It is therefore important that the SRR is reviewed regularly to take account of any changes in risk levels and to identify any new risks.

6.2 The SRR for 2015/16 has been produced following the work undertaken by council officers and members, supported by an advisor from the Council's insurance provider. The revised SRR is shown in **Appendix B**. The register shows for each risk the 'current' risk rating and a 'target' rating. The aim is to get the 'target' ratings down to an acceptable level.

7.0 RISKS AND UNCERTAINTIES

7.1 The failure to have effective risk management arrangements in place which will identify and manage risk could have serious consequences for the Council.

Description of Risk	Likelihood	Impact	Mitigating Actions	Residual Likelihood	Residual Impact

7.2 An evaluation of each of the Strategic Risks is included in **Appendix B**.

- 8.2 The Council's insurance contract with Zurich included an allowance of £10k in 2014/15 and £5k for 2015/16 which must be used for risk management services provided by the company. The allowance was used in 2014/15, and will be used again in 2015/16, to help develop the corporate risk management arrangements.
- 8.3 The Council also maintains a number of earmarked reserves and provisions to cover the financial risks that it faces. The funds include the General Working Balance, the Budget Risk Reserve and the Insurance Reserve.
